THE STRUGGLE CONTINUES...A LUTA CONTINUA

WHO IS CCISSA?

The Chicago Committee In Solidarity With Southern Africa is an organization dedicated to educating the public about the South African regime and the effects of its apartheid policies throughout the entire southern Africa region.

CCISSA operates an office in the midwest which serves as a resource center and clearinghouse for southern Africa support work.

WHY SOUTHERN AFRICA?

The terrorism and domination of the apartheid regime of South Africa extends far beyond its own borders. The Frontline States which include Zambia, Tanzania, Botswana, Mozambique and Angola, as well as Zimbabwe, Swaziland, Lesotho, Malawi and Namibia are the countries that surround South Africa and whose economies are dependent on and are largely controlled by the South African state.

South Africa has used multiple means including military invasions, mass murder of civilians and political leaders and economic sabotage to maintain control of the region. It funds,

arms and trains right wing terrorist organizations attempting to overthrow the democratic nations of the region such as Jonas Savimbi and UNITA in Angola and the MNR in Mozambique. It is illegally occupying Namibia and fighting to defeat SWAPO, the liberation movement of that country.

Therefore, to fight apartheid and support the struggle for liberation in South Africa means to fight South Africa's domination throughout all of southern Africa. For South Africa to be free of apartheid so must all of southern Africa be free.

WHAT IS CCISSA DOING?

CCISSA is working to increase public awareness of the situation in southern Africa, to mobilize resources in the struggle against apartheid and to offer support for liberation movements in southern Africa. CCISSA members pursue these goals by operating an educational resource center stocking pamphlets, books, videos and resource lists; providing speakers on antiapartheid issues; organizing material aid drives and conducting forums and programs.
