

## Creating Graded Video Quizzes

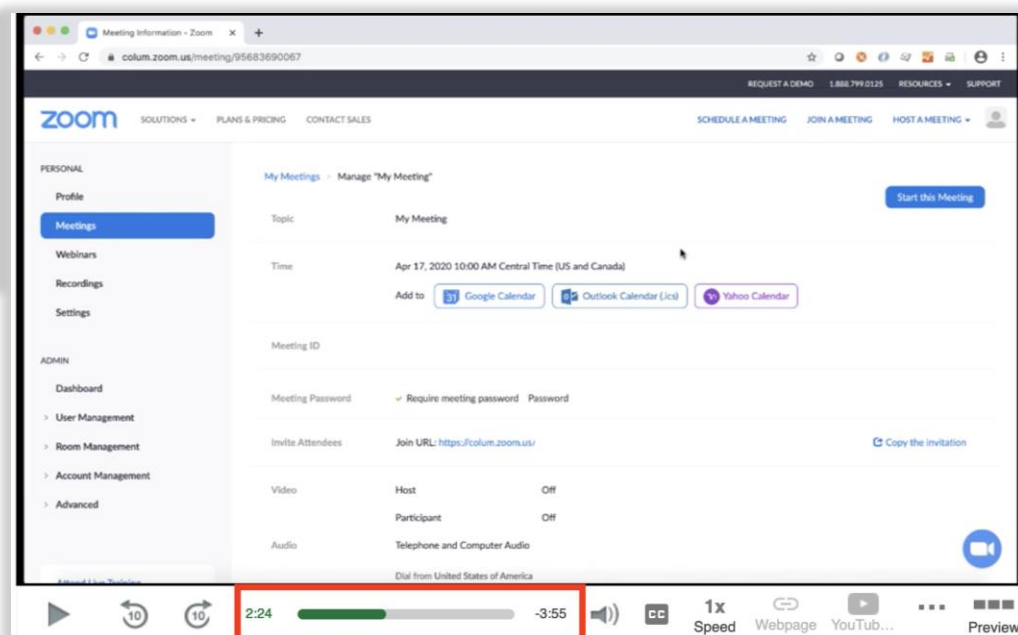

1. Sign into Canvas at [canvas.colum.edu](https://canvas.colum.edu) with your Office 365 Credentials.
2. Click on the course that you'd like to create the video quiz within.
  - Your video must be within your course's Panopto folder first.
3. Click on the "Panopto Video" link in the course menu.
4. Hover your cursor over the video that you would like to add a video quiz to.
5. Select the dotted icon and click on the "Edit" option.

6. Within the Panopto editor, click on the Quizzes option in the menu all the way to the left.
7. Click "Add a Quiz" to create a new video quiz for your Panopto video.
8. Your quiz will be entered at the specific time of the video that you are viewing when you click the "Add a Quiz" option.

9. You may also choose to select the specific point in time of the video in its timeline where you would like to add your quiz. Click on the point in the timeline that you want to quiz to appear and select "Add a Quiz."

## Question

In what city is Columbia College Located?

Multiple Choice

- Answer 1  
☐ Boston
- Answer 2  
☒ Chicago
- Answer 3  
☐ St. Louis

Add answer...

Correct answer explanation (optional)

Columbia College is located in the South Loop neighborhood of Chicago Illinois.

Finish

**13.** Set additional quiz settings which include:

- Confirm the time the quiz appears in the video.
- Allow participants to retake the quiz.
- Show the student their score after they take the video quiz.
- Allow students to review the correct answer and answer explanation.
- Prevent students from advancing in the video until they complete the quiz.

**14.** Click “Finish” once complete. Your quiz has now been created.

**15.** Click “Apply” in the top right to save your quiz entry. We can now attach the video quiz to a Canvas assignment.

Find

☐ Load This Tool In A New Tab

**16.** To connect your video quiz to a Canvas assignment, create a new assignment.

- You may enter any point value that you would like. The point value that you enter will be evenly distributed across the video quiz questions.

**17.** Set the submission type to “External Tool.” Click “Find” once you have done so.

**18.** Choose “Panopto” from the list that appears.

### Configure External Tool

Select a tool from the list below, or enter a URL for an external tool you already know is configured with Basic LTI to add a link to it to this module.

**Panopto**

Production Canvas Integration

Video Embed Options

Insert

**19.** Videos within your course’s Panopto folder will appear. Select the video that you have added your quiz questions to and click “Insert.”

**20.** Click “Select” to confirm your video and external tool selection.

**21.** Double check all other assignment settings, including due date, point value, and grade display method. Click “Save.” Publish when you are ready for students to see the assignment.

**22.** Your Panopto quiz is now attached to the Canvas assignment. When students click on the assignment, they can play the video. When they reach the point in the video where the quiz appears, the video will pause and the questions will show.

**23.** Once they answer their questions, they will see their feedback, score, and an option to retake the quiz, if allowed in the Panopto settings. (See step 13.)

**24.** Once they continue, the video play will resume. Their quiz score will automatically sync back to the Canvas gradebook in the assignment’s respective column. It may take several hours for the score to appear.
